Detcon Model PS-150

19" Panel Mount Power Supply - 150 Watt

Description

Detcon Model PS-150 is a 150 watt switcher power supply packaged in a 19" standard rack mount NEMA 1 enclosure. The unit operates from an input of 85VAC to 265VAC and provides filtered 24 VDC output for gas detection controls and field-mounted sensors.

The enclosure is constructed of black anodized aluminum. The front panel is powder coat finished and consists of a power-on switch with integral power indicator light. Input/output terminals are provided on the rear panel.

Specifications

Electrical Classification

NEMA 1 panel mount
